Description

The combi tacker (model 45420-5) has a capacity of 100 staples and nails and is suitable for staples with a length between 15 and 40 mm and nails with a length between 15 and 50 mm. The staples are ideal for wine boxes, the back wall of kitchens, upholstery, ceilings, laminate, etc. The nails are suitable for parquet, small boxes, window slats, door frames and all kinds of work without pull or push resistance. The combi tacker is equipped with an adjustable knob for air relief during use and has a rubber handle for a firm grip. In addition, the rubber handle ensures that the compressed air moves in the cold. The combi tacker is equipped with a nose guard (to prevent the staples and nails from coming loose unexpectedly). The combi tacker has a steel holder for grommet (prevents damage to wire in aluminum from the combi tacker), is equipped with a safety rubber to prevent scratches on the material and the charger shows how many staples / nails are still available. The combi tacker comes in a sturdy case with accessories and clear instructions. The combi tacker weighs 1.3 kg and works at a maximum pressure of 6 bar (for 7 bar staples).
