Description

This 70000 vice has a jaw width of 75 to 120 mm. The vice has a 360 ° rotating base. This swivel base is removable for a permanent setup. The different jaws are interchangeable. There is a tube clamp under the jaws and the vice has an anvil and a pin (to knock things around or to knock around). The vice has a chrome-plated spindle (rust-proof) and has a 12-year warranty.

The vice is of industrial quality, with completely unbreakable steel body construction made of SC37 steel for maximum durability. The Airpress vice is equipped with a large anvil to handle objects with a hammer and the jaws are toothed to get extra grip on the material. There are two handles on both sides to lock the turntable so that you can work safely.
