Jaw span (mm)	140
Jaw width (mm)	100
Jaw thickness	11 mm
Housing material	Steel SC37
Rotating base	360°

Description

Vise (model 70001) has a 360 ° rotating base. The vise has interchangeable jaws and the jaw width of this vise is between 100 to 140 mm. The 360 ° swivel base is removable for a fixed installation. The vise has an anvil and a pin for things to knock or knock around. In addition, there is a pipe clamp under the jaws. Because the vise has a chrome-plated (rust) spindle, Airpress gives a 12-year guarantee on this vise.

The vise is of industrial quality, with completely unbreakable steel body construction made of SC37 steel for maximum durability. The Airpress vise is equipped with a large anvil to handle objects with a hammer and the jaws are toothed to get extra grip on the material. There are two handles on both sides to lock the turntable so that you can work safely.

A = jaw width: 100 mm

C = anvil width: 60 mm

D = minimum depth: 310 mm

D = maximum depth: 390 mm
